About Us

Who is hand?

Hello!

We are hand.

**hand is an online
art and design
gallery catering
for students, individuals
and groups across all
art disciplines. We aim
to create a space for
inspiration, collaboration
and discovery.**

Why?

We love going to exhibitions, but we want everyone to see them, regardless of where you are or what time zone you're in. In some cases, exhibitions are viewed by only a small percentage of the population...

Exhibiting

**...hand will help exhibitions
reach a wider audience,
and create a new dialogue
between artists,
industry
& the public.**

**There is room
in our gallery for more
visitors than any other.**

Viewing

**Exhibitions are free and
can be viewed at your
convenience, making
art and design accessible
to those seeking
new talent,
inspiration and
opportunities
for collaboration.**

Viewing⁽²⁾

We will soon include regular features, news and reviews as well as interviews with both exhibitors and industry experts. In addition to student exhibitions, non-student shows will be featured on the site throughout the year.

How to Exhibit

**To submit and exhibition,
all you have to do is visit
the gallery:**

www.hand.gallery

and click 'Upload'.

**You will then be asked to
fill in details about your
show, (including a 50 word
description) before adding
Exhibitors and their work.**

How to Exhibit⁽²⁾

After that,
we'll take it from there.
We will review your
submission and contact
you if we're interested
in featuring you in our
gallery. We never want
to keep you waiting in
the dark, so we promise
to contact you within 2–3
working days of receiving
your submission.

How to Exhibit⁽³⁾

We know uploading images can be tricky, so we've put together a guide to uploading content in the gallery to help you out.

The exhibition guide can be found here.

Resources

We've put together a selection of contacts on our Resources page. From printers to binders and libraries, we hope this will make it easier to contact and connect with industry professionals, creating working relationships and leaving the door open for future collaboration.

Archive

Our Archive
keeps every exhibition
we feature in our gallery.
It provides a very valuable
resource for inspiration.

Our Vision

hand hopes to pioneer the future of art and design galleries, reimagining the concept of exhibitions.

Our Vision⁽²⁾

**We also plan
to create an
immersive,
interactive space
that combines
the physical
with the digital;
it is this crossover between
the virtual and the physical
hand seeks to challenge.**

Standards

High standards are expected in any art gallery, and we are no different...

Contact us
